

# GLENPOOL PUBLIC SCHOOLS

*We choose to serve our students and families!*

November 30, 2016

To Whom It May Concern:

It was an honor to have Will Parker share with our leadership team at Glenpool Public Schools on two separate occasions in the last year. Will Parker is highly respected as a High School Principal, former Oklahoma Assistant Principal of the Year, author, and speaker. I've known Will and his wife Missy for 25 years beginning with our time together as students at ORU. Will is the "real deal" in authenticity and character. He is passionate about serving students in the public school and is committed to helping educators do their jobs with excellence.

In his time with our team, Will discussed communication, effective use of technology, trust, and collaboration strategies that build strong teams. Will shares from the heart with humility, humor, and enthusiasm. I would strongly encourage any school leadership team to make the investment to utilize Will Parker for professional development.

Please feel free to contact me if you would like to know more about our time with Will Parker.

Sincerely,

H. Chad Coomer

Director of Teaching and Learning
